KLUB STOLOVI

CLUB TABLES

Lepota je u detaljima
Beauty is in the details

U novoj kolekciji nameštaja Forma Ideale za 2019. godinu predstavljena su četiri modela klub stolova – OSCAR KS 120x60, BERT, UNION i EMPOLI. Pored osnovnog opak belog, modeli klub stolova oplemenjeni su i drvo dekorima – beli, sivi i zlatni hrast, crno drvo, uz aplikaciju bele lak folije na gornjoj polici klub stola BERT. Osnove razlike klub stolova ogledaju u dužini – od 90,5 do 120 cm, širini – od 50,5 do 60 cm, kao i u funkcionalnom rasporedu

otvorenih policia – u dva ili tri nivoa, u zavisnosti od modela. Estetska dimenzija nove kolekcije klub stolova u potpunosti prati trendove ostalih modela, pre svega u dizajnu i dostupnoj paleti dekora. Modeli klub stola BERT i EMPOLI poseduju poseban estetski benefit u vidu staklene police u sredini.

The new Forma Ideale 2019 furniture collection features four club table models – OSCAR KS 120x60, BERT, UNION and EMPOLI. In addition to the basic titanium white, the club table models are also enriched with wood decors – white, grey and golden oak, black tree, with the application of white lacquer foil on the upper shelf of the club table BERT. The main differences between club tables are reflected in length – from 90,5 to 120 cm, width – from 50,5 to 60 cm, and in the

functional layout of the open shelves – in two or three levels, depending on the model. The aesthetic dimension of the new club table collection entirely follows the trends of other models, primarily the design and the available range of decors. The club table models BERT and EMPOLI possess a special aesthetic benefit in the form of a glass shelf in the middle.

Zona odmora
Resting zone

Od pet linija za opremanje spavaćih soba koje su predstavljene u novoj kolekciji Forma Ideale za 2019. godinu, čak četiri su premijerno promovisane – RITMO, ETIDA, KSANTI i CANON. Inovativna dizajnerska rešenja koja se pre svega odnose na frontove – MDF 3D aplikacije, novi dekori – crni i pesak lak – kao i mogućnost dodavanja rama kod garderobera i odabir modela sa ogledalima – u velikoj meri su

estetski unapredili kolekcije spavaćih soba Forma Ideale za 2019. godinu. U novom asortimanu zastupljeni su i bračni kreveti sa tapaciranim uzglavljem, komode i noćni ormarići, a dodatna upotrebnost vrednost kod modela graderobera sa klasičnim i kliznim mehanizmom otvaranja, postiže se opcionim dodavanjem polica.

Out of the five bedroom furnishing sets presented in the new Forma Ideale 2019 collection, four are presented for the first time – RITMO, ETIDA, KSANTI and CANON. Innovative design solutions primarily related to fronts – MDF 3D applications, new decors – black and sand lacquer – and the possibility of adding a frame for wardrobes and selection of models with mirrors – have aesthetically improved to a

large degree the Forma Ideale 2019 bedroom collections. The new collection also features double beds with an upholstered headboard, cabinets and bedside tables, while the additional usability of wardrobe models with classic and sliding opening mechanisms is achieved through the optional addition of shelves.

KITCHENS

Kulinarska bajka u vašem domu
A culinary fairytale in your home

Nova linija pločastog nameštaja za 2019. godinu predstavlja tri tematska koncepta uređenja kuhinje – modele DIJANA, DIVA 200 i KENT 200 – jedinstvene po svojim dizajnerskim karakteristikama i izboru dekora. Modele kuhinja DIJANA i DIVA 200 odlikuje slična upotreba funkcionalnost, širina 200 cm uz mogućnost dodavanja elemenata za ugradnu tehniku. Frontove oba modela kuhinje odlikuju horizontalne MDF 3D aplikacije, dok se izbor dekora razlikuje – kod kuhinje DIVA 200 u pitanju je kombinacija

opak bele i lak bele folije, a kod kuhinje DIJANA kombinacija dekora sivog hrasta korpusa i pesak lak folije na frontovima. Kuhinja KENT 200 je komplementarna sa istoimenim sistemom elemenata i, pored elemenata za ugradnu tehniku, poseduje i mogućnost dodavanja elementa kuhinje KENT BD 60 koji funkcionalno znatno unapređuje organizaciju prostora. Svi modeli kuhinja u novoj kolekciji za 2019. godinu poseduju gornje i donje jednokriline i dvokriline elemente, fiokare, kao i gornje zastakljene delove.

The new 2019 panel furniture collection features three thematic concepts for kitchen decoration – the models DIJANA, DIVA 200 and KENT 200 – are unique due to their design characteristics and decor choice. The kitchen models DIJANA and DIVA 200 feature similar usability and functionality, 200 cm wide with the possibility of adding elements for built-in devices. The fronts of both kitchen models are characterized by horizontal MDF 3D applications, while the decor selection is different – the DIVA 200 kitchen features a combination of titanium white and lacquer,

white foil, whereas the DIJANA kitchen features the combination of grey oak cabinet decor and sand lacquer foil on the fronts. The KENT 200 kitchen is complementary with the system of elements of the same name and, in addition to the elements for built-in devices, it has the possibility of adding the KENT BD 60 kitchen element which functionally significantly improves the organisation of space. All kitchen models in the new 2019 collection feature upper and lower single-winged and double-winged elements, chests of drawers, and upper glass parts.

Praktična organizacija prostora
Practical organization of space

Univerzalni zahtev pri opremanju predsoblja svakako je što racionalnija i funkcionalno uspešnija organizacija prostora. Bogat asortiman predsoblja i cipelara Forma Ideale za 2019. godinu pruža šansu različitih estetskih pristupa pri opremanju, uz poštovanje pravila da funkcionalnost prostora mora biti perfektna. Kolekcija predsoblja obuhvata klasične modele – RAVENA, NEO, SEBINO, KLIO, BOLSENA i MARTIN - u drvo dekorima sivog i sonoma hrasta, crnog drveta i opak bele, sa zatvorenim i otvorenim policama, jednim ili više krila, čivilucima, ogledalima i delovima za odlaganje obuće. Kod složenijih modela, poput linija predsoblja BENY u kombinaciji opak bele i lak

bele folije sa MDF 3D aplikacijama. Kao i predsoblja KENT sa dominantnim dekorom belog hrasta, kompatibilnim sa istoimenim sistemom elemenata, u ponudi je više različitih elemenata predsoblja. Cipelare u novoj kolekciji predstavljaju modeli BASE i HUGO, sa vertikalnim funkcionalnim stepenovanjem od trodelnih do petodelnih, dok dvodelni model cipelara ARCO poseduje desno pozicioniranu zatvorenu policu. Posebna estetska prednost cipelara HUGO je mogućnost izbora modela sa frontovima u beloj lak foliji – HUGO F, odnosno sa ogledalima na frontovima – HUGO OG.

The universal demand during the furnishing of halls has to be the rational and functionally successful organisation of space. A wide assortment of Forma Ideale 2019 hall units and shoe cabinets provides the option for various aesthetic approaches when decorating while respecting the rule that the functionality of the space must be perfect. The hall unit collection includes the classic models – RAVENA, NEO, SEBINO, KLIO, BOLSENA and MARTIN - in wood decors of grey and sonoma oak, black tree and titanium white, with closed and open shelves, single or more wings, hangers, mirrors and shoe sections. The more complex models, such as the BENY hall unit collection with the combination of titanium

white and lacquer white foil with MDF 3D applications, along with the KENT hall units with the dominant white oak decor, which are compatible with the system of elements of the same name, multiple different hall unit elements are included in the offer. The shoe cabinet models featured in the new collection are BASE and HUGO, with vertically functional levels from three compartments to five compartments, while the two compartment shoe cabinet model ARCO contains a closed shelf positioned to the right. The special aesthetic benefit of the HUGO shoe cabinet is the possibility of selecting the models with fronts in white lacquer foil – HUGO F, or with mirrors on the fronts – HUGO OG.

KOMPJUTER STOLOVI

COMPUTER DESKS

Efektno organizovan radni prostor
Effectively organized workspace

Radni prostor zahteva efektanu funkcionalnu organizaciju, kako bi ambijent mogao da pruži neophodan dodatni kvalitet. Kolekcija kompjuter stolova iz nove kolekcije nameštaja Forma Ideale za 2019. godinu doprinosi uspešnoj organizaciji radnog prostora, zahvaljujući pre svega dizajnu i visokom stepenu praktične upotrebe. Modeli kompjuter stolova poseduju jednostrano ili dvostrano pozicionirane zatvorene police i fioke, uz klizni dodatak ispod radne površine kod modela BETA.

Kompjuter sto ELAN dodatno je estetski naglašen zahvaljujući lak beloj foliji i MDF 3D aplikaciji na frontovima, dok su preostali modeli dostupni u belom dezenu i dekorima drveta. Upotrebna vrednost radnog prostora postiže se kombinovanjem radnih stolova i otvorenih polica BUKI 3P i BUKI 5P.

Workspace requires effective functional organization so that the ambient could provide the necessary additional quality. The computer desk collection from the new Forma Ideale 2019 furniture collection contributes to the successful organisation of workspace, primarily owing to its design and a high level of practical use. Computer desk models feature one-sided or double-sided positioning of the closed shelf and drawer, along with a sliding attachment below the work surface of the BETA model.

The ELAN Computer desk is additionally aesthetically emphasized thanks to the lacquer white foil and the MDF 3D application on the fronts, while the other models are available with a white pattern and wood decors. The usability of the workspace is achieved by combining the desks and the open shelves BUKI 3P and BUKI 5P.
